## Wild Animals At Home

[Ernest Thompson Seton](#) (1860 - 1946)

Wildlife artist Ernest Thompson Seton shares anecdotes of wild animals that he encountered in Yellowstone Park. "I have aimed to show something of the little aspects of the creatures' lives, which are those that the ordinary traveller will see; I go with him indeed, pointing out my friends as they chance to pass, adding a few comments that should make for a better acquaintance on all sides. And I have offered glimpses, wherever possible, of the wild thing in its home, embodying in these chapters the substance of many lectures given under the same title as this book." - Summary by ashleighjane & Ernest Thompson Seton
